

Show Off Your Best and Get Noticed with SRDS' Media Showcase

Put sample images of your products right in your SRDS listing

With Media Showcase, media planners and buyers see your best samples. It's your chance to showcase your offering while media decisions are being made.

SRDS users can copy and paste your images into their documents and presentations

SRDS Media Showcase allows you to:

- Give your listing impact
- Get noticed with a special icon next to your title in search results
- Showcase up to 12 images of your media properties
- Enable media planners and buyers to see your media properties in action
- Provide media planners a better understanding of your offering
- Get in their plans by providing one-stop shopping for information and photos

To create your Media Showcase follow the instructions below and get started today.

Specifications

Accepted Image Type: 180x150 pixel photo (IAB "Rectangle"); Static JPEG; Max file size: 100K
